

LORAIN COUNTY ENGINEER

KEN CARNEY, P.E., P.S.

January 27, 2022

Notice to all Permit Applicants

On January 26, 2022, the Lorain County Commissioners adopted Resolution 22-75 authorizing the Lorain County Engineer to charge a \$50.00 permit application fee.

As of February 1, 2022, the Lorain County Engineer's office will start charging the \$50.00 fee for Access, Ditch Enclosure, Driveway, Highway Use and Special Hauling permit applications. Only check or money order will be accepted.

When mailing or dropping off a permit application, payment is due at that time. When emailing a permit application, we will allow a copy of the check at that time, and expect the payment in our office within one week. No permits will be reviewed or approved until payment has been received.

For established customers who request multiple Highway Use and Special Hauling permit applications, our office will allow a monthly invoicing. When sending the permit requests, please notify us of the company name, address, and a name and email to whom invoices can be submitted. If payment is not received within 30 days, no further permits will be issued until overdue invoices are paid.

Any questions can be directed to our office at 440-329-5586.
